LAST LIGHT: in collaboration with Artis we represent the artist HINDA WEISS.

Vernissage Sunday, July, 20, 2025, 12 - 4 PM, Inselstraße 2a, 14129 Berlin - Schwanenwerder

Hinda Weiss's works are compositions of elusive landscapes charged with local histories while reflecting contemporary human existence. Using photography, video and sound, along with digital adaptation techniques, she creates installations that merge places and times into fantastic yet familiar environments. Contrary to the processed editing methods she employs, the way she collects these materials is simple: she wanders alone, using a small camera.

At 11:30 AM there will be a shuttle from S-Bahn stop Nikolassee, exit Wannseebad. On the island there will be drinks as water, coffee, juice and wine and some snacks. Please register under art@cordts-stiftung.de www.women-artists-in-residence.berlin, www.hindaweiss.com, www.artis.art
